For our Valued Customers,

"Your health and well being is our top priority as we all manage the impacts the coronavirus (COVID-19) is having on our lives. Because we have installed thousands of generators in the Houston area and surrounding markets, we are uniquely qualified to provide you with accurate turnkey installation pricing under the most convenient of circumstances to you.

For our clients who would prefer to save a little money and expedite the quoting and installation process, please check out our new industry leading online tool –

*-the new **Self Service Site Survey**.*

There are two great options to choose from. The ["Quick Rough Estimate Survey"](#) and the ["Complete Site Survey"](#). Depending on the time and effort you'd like to put into the process, you may be able to receive a firm turnkey standby generator installation quote and order your generator without ever even having a site visit.

Times are changing, and we continue to develop technology and tools to keep leading the industry in sales and service of standby generators. Please check out our online reviews and what our customers are saying about us.

We look forward to being of service to you, and to answering all of your questions."

--Joshua Keller (Owner)
